## UNDERSTANDING THE BASICS OF LEAD/ GALVANIZED SERVICE LINE REPLACEMENT

The Lehigh Water Authority (LWA) has developed a Lead/Galvanized Service Line Replacement Policy ("Policy") to reduce the amount of lead in our water distribution system in an effort to mitigate customers' risk of lead exposure through water consumption, and to comply with state and federal regulations. This policy is to clarify the Authority's vs. the Owner's responsibility related to the removal of lead service lines from the system.

### BACKGROUND

The United States Environmental Protection Agency (EPA) released a Lead and Copper Rule (LCR) in 1991 to protect people from lead in drinking water. This rule stopped allowing lead to be in plumbing supply materials. In 2022, they revised the rule (LCRR) requiring all public water suppliers to submit a lead service line material spreadsheet by October 16, 2024.

In drinking water, the primary source of lead is from pipes and indoor plumbing fixtures. There is no safe level of lead exposure. Galvanized pipes are also a concern, as they may contain lead that can corrode and leach into drinking water.

### DEFINITIONS

- **AUTHORITY'S SERVICE LINE:** The water service pipe and appurtenances extending from the Authority's main including: the tee or tap in the main, the lateral pipe to a point at or near the property line, the curb stop or service valve, and the curb box or valve box.
- **CUSTOMER:** Any person who receives water service from the Authority.
- **CUSTOMERS SERVICE LINE:** That part of the water service pipe extending from the Authority's service line to the premises, except the water meter.
- **OWNER:** The person in whose name the deed for a property is designated.

### WHO IS RESPONSIBLE

The LWA will pay to replace the authority's service line as defined in the definitions. The Owner will be responsible to pay for the customer's service line as defined in the definitions.

LWA will work on identifying potential sources of governmental funding for this project. We will keep customers updated as more information becomes available. Check our website: [lehighwater.com](http://lehighwater.com) or Facebook page for updates.

## LIGHT AND POWER DEPARTMENT

Public Power Week is held during the first full week of October. This year it is 10/5/25 - 10/11/25. Lehigh Light and Power Departments Open House will be held on Wednesday, October 8th at the Light & Power Garage, 675 Bridge St. Lehigh from 11:00 a.m. - 1:00 p.m. Food, refreshments and give aways will be available. We love showing off to the Public our facility, equipment and some of the things we have been working on. Hopefully our new bucket truck will arrive by October as well.

Tree trimming for safe clearances of power lines will be ongoing throughout the fall, starting in August. Please be aware that single lane traffic is scheduled August 18 through August 22 for removing trees on top of the ledge across from Dunkin Doughnuts from Sapoires Restaurant to Bridge St.

The Light and Power Department request, if you hear or see something related to a power outage call 911 Emergency and report it.

## HYDRANT FLUSHING

The Lehigh Water Authority flushes hydrants as part of our normal operations, in order to keep the system clean for use by our customers.

Flushing of the hydrants will be done in April and September of 2026, (we usually start the 2nd Tuesday of the month). The authority advertises ahead of time when we plan to flush the hydrants in the Times News, and we put it on our Website ([lehighwater.com](http://lehighwater.com)) & Facebook page.

## SHARED WATER LINE ORDINANCE

### REMINDER:

#### Ordinance No. 2022-664 Separation of Shared Water Lines

If you plan on selling your home and have a shared water line, please be sure to look at the Borough's Ordinance on the Lehigh Water Authority's website ([lehighwater.com](http://lehighwater.com)). Any questions, please call the Water Authority Office at 610-377-1912.

## PUBLIC WORKS DEPARTMENT

A large black dumpster will be placed behind Public Works garage for fall yard waste beginning September 15 thru October 17, 2025. No branches larger than FOUR (4) inches in diameter, and no bundles longer than four (4) feet may be placed in dumpster.

Leaf pick up will begin November 1 thru November 26, 2025, weather dependant . Please do not put leaves in gutter if rain or snow is forecasted, as this will cause storm drains to become blocked and could cause possible flooding problems. Only leaves should be placed in gutters, not yard waste.

### SNOW REMOVAL

- The throwing of snow back in the street is prohibited.
- If you have a fire hydrant near your residence please aid the Fire Department in keeping it clear.
- If you have a storm drain near your residence please try to keep it clear so snow melt drains to the basin, which alleviates ponding and freezing.
- The placement of an object to save a parking space is prohibited.
- Be aware of orange "No Parking" signs that have been posted for snow removal.
- The plowing or blowing of snow onto borough street is prohibited.
- Please be courteous to plow trucks as they are working hard to make the roads safer for travel.

## LEHIGH FIRE DEPARTMENT

As we approach the winter season, the Lehigh Fire Department would like to provide the following safety information to keep you and your family safe.

- Make sure you have properly operating smoke detectors. The batteries should be changed twice a year when the clocks change in spring and fall. Smoke detectors should also be tested monthly. Smoke detectors should be installed inside of every bedroom, outside of all sleeping areas, and on every floor of the home. SMOKE DETECTORS SAVE LIVES!!
- Make sure you have properly operating Carbon Monoxide detectors. The batteries should also be changed twice a year when the clocks change in spring and fall. Carbon Monoxide detectors should also be tested monthly. Carbon Monoxide detectors should be installed on every floor of the home. CARBON MONOXIDE DETECTORS SAVE LIVES!!
- Ensure that your furnace, fire places, and chimneys are inspected, cleaned and maintained properly for the heating season. Properly discard of ashes from coal and wood heat sources.

**Nearly half of holiday decoration fires happen because decorations are placed too close to a heat source. It's fun to decorate for the winter holidays, but holiday decorations can increase your risk for a home fire. As you deck the halls this season, be fire smart.**

Inspect holiday lights and extension cords each year before you put them up. Throw away light strands and extension cords with frayed or pinched wires. Utilize the proper extension cord for your intended use.

- Water your Christmas tree every day. A dry tree is dangerous because it can catch on fire easily. Keep trees and all holiday decorations away from heat sources.
- Consider using battery-operated flameless candles, which can look, smell and feel like real candles.
- If you do use lit candles, make sure they are in stable holders and place them where they cannot be knocked down easily.

**If you are a Borough resident and are in need of smoke detectors, please contact the first station at 610-377-2449 for eligibility.** By following these simple but crucial tips, you and your family can have a safe winter and holiday season.

## MS4 TRAINING PROVIDED TO BOROUGH EMPLOYEES

On July 22, 2025, Remington & Vernick Engineers (RVE) hosted Lehighton Borough's annual MS4 (Municipal Separate Storm Sewer System) training.

RVE held an educational Lunch & Learn at the Lehighton Administration Building focused on stormwater management. Lehighton also welcomed staff from neighboring municipalities, including Bowmanstown Borough, which strengthens any efforts made to preserve our shared waterways.

In this session, RVE dove into Best Management Practice (BMP) maintenance, helping staff navigate how to best care for the municipality's stormwater inlets, swales, outlets, and other key infrastructure.

The training also covered how our County's streams and lakes can become impaired over time if management practices are not followed. RVE discussed strategies aimed at stopping pollution and sediment runoff from reaching our waterways.

With this training, Lehighton and surrounding communities are taking planned steps to protect our rivers, preserve aquatic life, and ensure clean water for future generations.

## INFLOW AND INFILTRATION (I&I) – WHAT IS IT AND HOW DOES IT AFFECT ME?

Lehighton Borough has completed our first phase of an Inflow and Infiltration (I&I) Abatement Program. The purpose of I&I Abatement is to reduce the amount of stormwater that enters the sanitary sewer system.

The program kicked off in September 2024 with our first project, which was completed in May 2025. You probably saw our contractors working around the clock in the community between First and Fourth and between Alum and Mahoning.

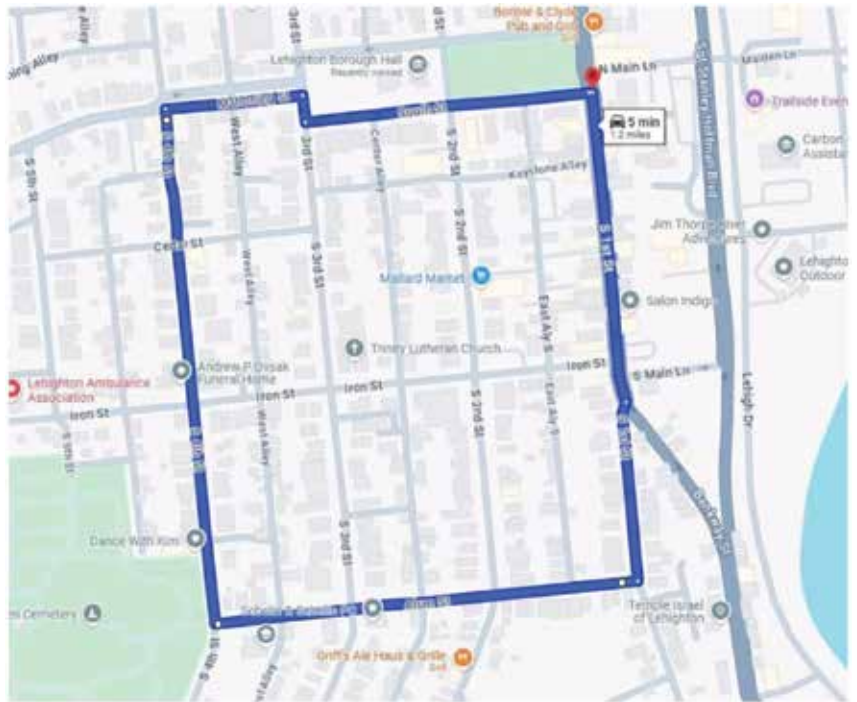

The project scope included the televising and cleaning of 3.29 miles of underground sanitary sewer pipe. Of the pipes we inspected, 2.72 miles were lined and sealed using cured-in-place pipe (CIPP). You may have noticed a harmless "glue-like" smell while the pipes were curing; this was the pipe hardening below your street.

Further, 72 manholes were inspected, and 63 of them were lined to make them watertight.

This phase of the I&I Abatement Program cost \$1,007,884.93 and was funded through The American Rescue Plan Act (ARPA) and through an H2O Grant secured for the Borough by former United States Senator, Bob Casey Jr.

In the first phase, multiple sections of sanitary pipe in the project area were determined to be irreparable. These sections will be dug up and replaced with any funding remaining from our 2025 project budget.

The Borough wants to continue to make progress by applying for future grant money and by addressing sections of failed pipe on an annual basis. As the Borough navigates the 2026 fiscal year budget preparation, continued I&I repair work will be a topic of discussion.

Why is all of this important?

The Borough operates a Municipal Separate Storm Sewer System (MS4 System). We are required by the State to address issues which can lead to those separate sewers mixing. Unnecessary stormwater in the sanitary sewer system can lead to sewer backups and sewage overflows during heavy rains.

Additional flows in our sanitary sewers also drive up treatment costs for Borough residents. Every gallon that enters our sanitary sewer is treated at the CCMA wastewater treatment plant on Lehigh Drive. The Borough receives a monthly bill for every gallon, and these bills are paid for with your utility bills.

By correcting our I&I issues underground, we can lower treatment costs and continue to keep your utility bills manageable.

If you have any questions regarding the Borough's plans to address future I&I Abatement, you are encouraged to reach out to your elected officials.

# THE LEHIGHTON BOROUGH POLICE DEPARTMENT

The Lehigh Township Police Department is pleased to announce the following upcoming community events:

*Photos from National Night Out 2024*

*Photos from Halloween 2024*

*Photos from 'Give a Gobbler'*

- **Lehigh Township Police Night Out** - October 7, 2025 - A night of community-building that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer and more caring places to live. The event will be held at Baer Memorial Park from 5 – 8 PM. This event is for all ages. Numerous non-profit organizations will be in attendance providing information. There will also be non-profit organizations selling food.

- **Trick-or-Treat at the Police Department** - October 31, 2025

Stop by between 6:00 PM and 8:00 PM in your Halloween costume for a special treat!

\*Date subject to change based on the official Trick-or-Treat night.

- **Give a Gobbler** - November 2025 - In 2024, the Lehigh Township Police Department was able to collect over 5000 non-perishable food items, 24 turkeys, and \$3725 in donations to support the "Valor Clinic". To be able to support such a great cause in feeding our veterans during the holiday season brings a warm joy to hearts of all who participated in this event. The residents of Lehigh Township rallied together and donated. The Lehigh Township Police Department was awarded 2024's "Give a Gobbler" trophy! But the real winners here are the veterans who have served our great country and fought for the freedom we all enjoy. Watch for more details on this year's 'Give a Gobbler' event. Watch for more details on this year's 'Give a Gobbler' event.

- **Shop with a Cop** - Annual charitable event where Law Enforcement Officers partner with children from the community to shop for holiday gifts. Held in December, the event aims to foster positive relationships between law enforcement and youth, while also providing assistance to families in need.

*Photos from 'Shop with a Cop' 2024*

## SNOW EMERGENCY ROUTES:

Please be aware of posted snow emergency routes, during the winter months. Follow our Facebook page for more information.

Residents should adhere to travel restrictions on borough roadways, during the Snow Emergency times. Snow tires or chains are required for travel on designated emergency route roadways during emergency times.

Parking on designated Snow Emergency routes is prohibited during the snow emergency period. Vehicles may be ticketed and towed from emergency routes at owner's expense if not removed.

Citizens are encouraged to stay off the roadways and avoid travel unless absolutely necessary to provide our Public Works Department to safely clear the roadways.

# THE LEHIGHTON BOROUGH POLICE DEPARTMENT

## PAST EVENTS

The Department enjoys interacting with the community. Below are some of the events the Police Department has participated in.

*Visited Day Camp at Time To Talk LLC*

*Keynote Speaker for the Lehigh Township American Legion Post 314 Korean Last Man Banquet*

*Jim Thorpe Special Needs Olympic Games for students from all over Carbon County*

*Mock car accident at LAHS for Safe Driving awareness prior to Prom.*

*Carbon County School Safety Committee*

*Alcohol & Narcotics Awareness Program at BHA, Willow Academy*

*Homemade Valentine's cards from the 'Touch A Heart' Campaign.*

*150 first graders from LAEC visit the Police Department on their walk around town.*

*Treats for National Police Officers Day*

*Lehigh Township's Borough's 9th Annual Christmas Trees in the Park Lighting*

Property Owners - Please clear snow from school bus stops and from around neighborhood fire hydrants. Snow should be cleared a minimum of 3 feet completely around the hydrant.

Sidewalk Snow Removal - Borough Ordinance - Sidewalks shall be cleared of snow & ice within 24 hours after precipitation has ceased to fall. Snow blowers - Blowing snow, shoveling snow or depositing snow or ice onto cleared Borough roadways is illegal.

See borough website for snow emergency routes in Lehigh Township.

**Community Talks** - Watch for information regarding 'Meet N Greets' Informational sessions, to be held around the Borough of Lehigh Township.

**Handicap Permit Renewals** - Letters will be mailed out in October for renewals of Handicap Permits. Renewals cost \$30.

**Follow us on Facebook!**

Follow us on Facebook and Instagram for announcements. Email liblehtn@ptd.net or call 610-377-2750 for assistance.

# LEHIGHTON AREA HERITAGE ALLIANCE

## Lehigh Valley's Historical Society

From the Lenni Lenape and Moravians - to the railroad, canal, and trolley cars - to soapbox derbies, Franz Kline, and Bright's Dept. Store - Lehigh Valley has a story to tell! The Lehigh Valley Area Heritage Alliance (LAHA) is the historical society for the Lehigh Valley and surrounding areas. This includes not just the Lehigh Valley Borough, but all our neighboring municipalities in the Lehigh Valley Area School District of East Penn, Franklin, Mahoning, Parryville, and Weissport. We are a dedicated group of volunteers committed to collecting stories and artifacts to safeguard the historical legacy of the Lehigh Valley area for future generations.

### What We Do

Obtaining a suitable location for a public heritage museum and educational space continues to be one of the key strategic objectives of our organization. Our Collections Committee is extremely active in organizing and cataloging all the artifacts in our collection in preparation for finding such a space. In addition to our monthly meetings and artifact show-and-tells, our other events include Songs & Stories in the Mausoleum, Haunted History Ghost Walks, and middle school student history walks. We also continue our self-guided walking tour Story app, sharing photos and artifacts at community events, partnership with the Lehigh Valley Borough for the preservation of the Fairgrounds Judges' Stand, and partnership with the Mahoning Union Sunday School.

Other current initiatives include the establishment of the groundwork for a historic building designation program and the restoration of a detailed train diorama original built by Lehigh Valley-native Richard Koch and donated to LAHA by his sons Karl and Stefan. The working HO train diorama, approximately 5'x18', is backed by a hand painted wall mural that depicts the Lehigh Valley area from the 1930-40s, featuring the Packerton Yards. The display will be open to the public when restoration is complete.

### Coming Events

We are kicking off a year of America250 events by "Celebrating Celebrations" with our Songs & Stories in the Mausoleum event on Sunday, September 28, 2025, at 2:00 PM in the Lehigh Valley Cemetery Mausoleum. Storyteller Kathy Long and folk musician David Matsinko will take us on a journey through our town's numerous community, fire company, and military celebrations, parades, and 'centennials. A highlight of this year's event will be the showing of a home movie of the 1966 Centennial Parade on First Street. In honor of America250, we are also making plans with our other local historical societies on a county-wide "history day" in the early spring and a large-scale public history "show & tell" event later in the year.

### Become a Member or Sponsor

We thank everyone who supported our 2025 membership drive in our first year as a 501(c)(3) organization. Please consider supporting the preservation of Lehigh Valley's history by joining LAHA with an annual individual, family, or student membership. Memberships start at just \$15 per year. Your membership will allow us to continue expanding our efforts to preserve and promote the history of the Lehigh Valley area and secure a heritage museum space. To become a member or business sponsor, visit our website at [lehighvalleyheritage.org/membership](http://lehighvalleyheritage.org/membership) to complete the form and payment online, or have a membership application mailed to you, leave a us voicemail at 484-629-4729 with your mailing address.

For more information about LAHA and our upcoming events, visit [lehighvalleyheritage.org](http://lehighvalleyheritage.org), email [lehighvalleyheritage@gmail.com](mailto:lehighvalleyheritage@gmail.com), and follow LAHA on social media @lehighvalleyheritage on Facebook, Instagram, and YouTube.

*LAHA members share Lehigh Valley artifacts from their personal collections during "Show & Tell" at a meeting at the Lehigh Valley Rec Center. Meetings are held on the third Monday of each month at 6:00 PM at the Mahoning Union Sunday School or the Lehigh Valley Rec Center.*

# My heart IS IN THE BEST HANDS

**"** I was always healthy, I never expected that I'd have a heart attack. Thankfully when I was at my worst, St. Luke's was at their best – They saved my life. I'm so grateful for the incredible care from my doctors and nurses at St. Luke's." — *Sherry Haas*

When it comes to your heart, you deserve exceptional care, no matter how complex or routine the issue. That's why Sherry chose St. Luke's – an eight-time 50 Top Heart Hospital. St. Luke's consistently leads the region in adopting innovative technologies, ensuring every patient receives the highest quality care and outcomes. With St. Luke's, Sherry knew her heart was in the best hands every step of the way. *Discover the excellence of St. Luke's, scan the QR code or visit [sluhn.org/heart](http://sluhn.org/heart) to learn more.*

## Understanding Your Local Code Enforcement

### Building Codes—Who needs them?

#### We all do

We rely on the safety of the structures that surround us in our everyday lives.

Provide safeguards for the community  
Significantly reduces risks

New construction  
Existing buildings

### Who enforces the codes for Lehigh County?

- ✓ Building Code Official
- ✓ Zoning Officer
- ✓ Code Enforcement Officer

- ✓ Health Inspections
- ✓ Rental Property Inspections

Enforcing federal, state, and local ordinances adopted by the Borough

### Property Maintenance and Quality of Life

One of the Borough's highest priorities is to work with property owners and tenants to preserve and maintain the neighborhoods and commercial areas. By reporting property nuisances, together, we can keep Lehigh County a beautiful place to live and do business.
